John 14:12

Vision The Experience

- The Kingdom of God, on Earth as it is in Heaven
- Doing the Supernatural Works of Jesus
- Living as a Co-Laborer with Christ

We believe that God has called and sent His people to be transformers of culture. Such transformation will only happen through those who have been restored to their identity in Christ and walk in that identity.

God has supernatural ideas, power, and answers for today's complex issues. As His will is accomplished on earth, His answers will be brought into every sphere of culture and every aspect of life.

Mission

Our mission is to equip and deploy focused and passionate world changers, who are spiritually, emotionally, and relationally mature, able to impact their spheres of influence for supernatural transformation.

The Experience

We invite you to come learn how to live the Kingdom of God and extend its borders through a powerful, supernatural lifestyle. You will grow in awe of who God is and come to see your own unique identity and destiny as a child of God.

Come to where everything that is taught is an invitation to experience the Lord, as you are challenged to be those who hear and radically obey. The experience is not just taught, but caught, as you encounter the One who gives you freedom, purpose and destiny.

Join us as we experience His Kingdom Culture. Your classroom will be a laboratory as you grow with others in faith, learning to bring His Presence into everything you do.

Core

Some of our core areas of development include:

- Personal Freedom and Victory in Christ
- Leadership Principles and Character Development
- Hearing the Voice of God and Prophecy
- Healing and Miracles
- Biblical and Theological studies
- Missions and Evangelism
- Personal Identity and Destiny
- Team Leadership
- Living in the Power of the Holy Spirit
- Effective Communication
